

Dear NDSU colleague,

Our outstanding university and our talented students need your help. Through “The Power of One” Faculty and Staff Annual Campaign, you can make an important difference.

With hard work and dedication, our faculty and staff have helped transform North Dakota State University into one of America’s top 100 universities and a national model of a student-focused, land-grant, research university. NDSU has a long, proud history of commitment, caring and sense of community. The annual campaign is another opportunity to demonstrate that we truly want the best possible future for our students.

I firmly believe that the power of just one person, through one gift, can have a remarkable positive impact on a student’s academic experience at NDSU.

Your gift is tax-deductible, and can be used to create new scholarships resources or support any university, college, department or scholarship fund of your choice. While you will have the satisfaction of knowing your contribution will have a tremendous lasting influence, NDSU’s culture of philanthropy also provides evidence to other donors, parents, friends and alumni that our faculty and staff members are committed to enhancing the education of our students. You will be a shining example for others to follow.

Every gift to “The Power of One” Faculty and Staff Campaign is vital. More doors open to students, more tools are available to faculty to put them on the leading edge of research and you’ll forward NDSU’s land-grant mission, allowing everyone to grow and develop.

I personally ask you to consider a gift to “The Power of One” Faculty and Staff Annual Campaign; your generosity helps make NDSU the absolute best it can be. You can follow the campaign’s progress by visiting www.ndsufoundation.com/facultyandstaff.

I also offer sincere appreciation to the campaign chairs, unit leaders and all donors. Your generous support is putting NDSU in a position of strength as we continue our great work. Thank you.

Sincerely,

Dean L. Bresciani
NDSU President
